The Experts®  
you need to know  
on Chiropractic Care

Dr. April Ruzycki

## Creating a Legacy

On May 6th, 2006 Powers & Jans Centre opened their doors at the new location of 737 6th Street SE. It has since come to be known as the "big white house on 6th Street just off Kingsway".

Dr. Powers and Dr. Jans originally formed the Powers & Jans Centre in November of 1990 opening up their clinic on Factory Street. After 16 years and the addition of Dr. Taylor, they had outgrown that space. They had the vision and desire to expand their services and the result is our present clinic. The Powers & Jans team has grown from just 2 chiropractors and 3 chiropractic assistants to 5 chiropractors, 6 chiropractic assistants, 4 massage therapists and 1 laser therapist over the last 26 years.

If you have not been to our clinic we invite you to stop in and check us out! We are proud of the atmosphere Drs Powers and Jans have facilitated – the clinic is warm and welcoming. It is a lovely place to come to work every day and an incredible office to work in.

The Powers & Jans Centre's mission is "to provide

the highest quality chiropractic care and education to as many families as possible in the Medicine Hat area, to allow them to express and maintain their optimal health potential, naturally without drugs or surgery. We do this by delivering outstanding adjustments and health advice while helping people to understand that the spine is the key to health and that health comes from within." The clinic is designed so that patients are able to utilize all 5 chiropractors, allowing the patient to incorporate chiropractic into their busy life schedule rather than to try to work around ours.

Dr. Powers began his chiropractic career in Barhead, Alberta when he opened his first chiropractic practice in 1970. He moved to Medicine Hat opening up his second practice in 1979; in 1980 he began using the Activator Methods technique in his practice. Dr. Powers was the 202nd chiropractor licensed in Alberta; the wealth of knowledge he has regarding chiropractic is outstanding – 46 years and counting! Dr. Powers continues to work 2 half days and 1 full day every week; the love Dr. Powers has for his career in chiropractic is irrefutable.

Dr. Jans' chiropractic career began in 1985 when

he was licensed as the 518th chiropractor in Alberta and opened his first chiropractic practice in Medicine Hat. In 1987 he began using the Activator Methods technique in his practice. Since 1990, Dr. Jans has worked Mon/Wed/Fri from 7am-6pm. His unwavering and consistent pursuit to offer the best chiropractic care while creating exceptional clinic experiences for the patients is admirable. He does this with a humble and dedicated approach to his chiropractic career.

Both of these men are remarkable individuals and chiropractors. On behalf of Drs Taylor, Cherniak and myself, we are honoured that they saw potential in each of us. They have been outstanding mentors and the clinic they have created is undoubtedly one for the chiropractic history books.
